PLEASE

**AN APPEAL TO YOU TO HELP RELIEVE
SUFFERING BROTHERS AND SISTERS**

Within your family or among your friends and acquaintances you will often find someone in pain and misery, who could possibly find great relief by taking **NEURALGINE**. As an act of humanity, we ask you to tell them of this preparation. Or better still, give them a tablet to take. It is a great deed of kindness to relieve others of pain and suffering.

When you see someone in misery from headache, or suffering from **Neuralgia, Rheumatism, Sciatica, Lumbago, a Severe Cold**, or should you meet anyone suffering severe pain, please suggest **NEURALGINE** to them. **NEURALGINE** contains no morphine, opium, or cocaine—although the relief so quickly afforded sometimes leads many to ask us this question.

Tell those to whom you recommend **NEURALGINE** that it costs only 25 cents for a box at any drug store. Urge them to get it.

NEURALGINE should be kept in every home. If someone of the family should need it at any time during the day or night, it is always handy to give the desired relief.
